

Grow a MO, Move or Both

Sign Up

Use Link on our Links Page

The Movember Foundation is the world's largest non-government funder of prostate cancer research and services, and is a significant source of funding for Canadian research supported by Prostate Cancer Canada

PCCN Durham is pleased to support Movember and encourages all ladies and men to help by growing a Mo (moustache), by being physically active in November (Move), or both, and of course by raising donations for this cause
